Subject:	Major points and thoughts

Dear Mr. Barak,

As agreed, let me provide you briefly with the major points and thoughts of the cooperation with Hungarian Government regarding with the Kazakh project. Please find it attached.

As for the Zueblin talk – here it is http://zueblin.ch/en-ch/#/company/company-profile/. The website information about the Significant shareholders is not currently updated. Also see http://www.thomas-daily.de/news/item/id/41204/t/Vekselberg-takes-control-of-Zueblin-Immobilien;jsessionid=D46D3AA87046161656A5BD21F36F0F92.

Wish you the very best and good luck in tomorrow's meeting that I believe can bring and start the groundbreaking and successful phase of the project.

All the best,

Yakov
